PE portfolio value creation and M&A professional with 15+ years of experience driving operational improvement, strategic growth, and transaction execution across PE-backed, multi-site healthcare platforms. Combines deep financial diligence expertise built across Big 4 advisory with hands-on operating experience inside a \$4B multi-brand healthcare organization. Demonstrated ability to translate diligence insights into actionable value creation plans, lead integration and PMO workstreams, develop operational playbooks, and manage senior advisors from Big 4 and leading global management consulting firms. Healthcare sub-sector experience spans urgent care, dental, veterinary, and aesthetics services.

EXPERIENCE

TAG – The Aspen Group | *Senior Director, Strategy & Business Development*

Feb 2022 – Present | Chicago, IL

Key contributor to \$500M+ of M&A activity across a \$4B PE-backed, multi-brand healthcare platform spanning urgent care, dental, veterinary, and aesthetics services.

- **Integration & PMO Leadership:** Served as a PMO lead for complex acquisitions and divestitures, coordinating directly with the buyer through SPA negotiation and structuring, fielding cross-functional diligence workstreams, and guiding field leadership through clinic-level operational transition including stand-alone readiness assessment and gap identification across people, process, and systems.
- **Value Creation Planning & Execution:** Partnered with executive leadership to define one- and three-year strategic growth plans and translate objectives into operational priorities tracked against KPIs. Designed standardized playbooks for multi-site manager and regional director roles through structured field interviews, defining role expectations, performance standards, and incentive alignment to drive organizational effectiveness.
- **Interim Finance Leadership:** Assumed a head of finance capacity during CFO disruption within the urgent care business, maturing the organization's approach to clinic-level performance analysis. Built the analytical framework and reporting infrastructure used to evaluate demand trends, and provided data-driven recommendations to senior leadership on clinic closures and hours reductions.
- **M&A Execution & Deal Management:** Managed multiple concurrent M&A processes including buy-side diligence, new market assessments, and target screening, while owning project management, coordinating cross-functional teams, and presenting investment recommendations to executive leadership.
- **Third-Party Advisor Management:** Engaged and managed senior advisors from Big 4 accounting firms and leading global management consulting organizations across diligence, strategic planning, and operational transformation workstreams. Scoped engagements, set performance expectations, and ensured alignment with organizational objectives.
- **Financial Modeling & Analytics Infrastructure:** Built a cross-brand dynamic cohort model integrating disparate datasets to support de novo analysis, vintage performance tracking, and acquisition benchmarking. Maintained a consolidated five-year cross-brand projection model and supported a large-scale corporate refinancing process.
- **Strategic Initiatives:** Led consolidation of the marketing Center of Excellence across dental brands (budget >\$300M); performed real estate analytics, ancillary services financial modeling, and industry research to support executive decision-making across the portfolio.

PricewaterhouseCoopers LLP | *Senior Manager, Deal Analytics & Financial Due Diligence*

Aug 2010 – Feb 2022 | Chicago, IL

Progressed over 12 years from Assurance through Financial Due Diligence to Deal Analytics. Built deep healthcare transaction expertise serving clients from independent physician groups to large national hospital systems.

- **Healthcare Diligence Expertise:** Delivered buy-side and sell-side financial due diligence for PE sponsors and strategic acquirers, including quality of earnings, EBITDA bridging, payer and modality mix assessment, revenue cycle analytics, and KPI trend evaluation across multi-location healthcare platforms.
- **Analytics & Capability Building:** Expanded team offerings to include same-center analysis, de novo performance modeling, physician productivity benchmarking, and payer reimbursement comparisons, doubling both team headcount and revenue. Developed the team's onboarding program and mentored colleagues in advanced data analytics, AI/ML, and visualization tools.
- **Cross-Functional Transaction Management:** Served as client liaison across legal, tax, HR, and financial workstreams during complex diligence engagements. Supported clients through SPA mechanics including net working capital and net debt structures, and led executive-level discussions with seller management teams to evaluate investment thesis risks.
